

ProAccurate® Heavy Duty Refrigerator/Freezer Thermometer

Kitchen Measurement Tools

-20 to +80°F/-30 to +30°C

Food keeps better and longer when it is kept at the proper temperature. CDN's ProAccurate® Heavy Duty Refrigerator/Freezer Thermometer (RFT1) is designed to measure refrigerator, freezer and dry storage temperatures reliably and accurately. Use it to make sure that your refrigerator, freezer and dry storage areas are kept at the proper temperature for better food storage and conserve energy by maintaining conservative temperatures.

Features

- NSF® Certified
- Durable laboratory glass lens
- Target range indication
- Color-coded scale
- 304 stainless steel housing
